

# HEALTH PORTFOLIO UPDATES

---

POP Meeting  
September 14, 2020

## TRAUMA- & RESILIENCY- INFORMED SYSTEMS INITIATIVE (TRISI)

---

## First 5 SMC EMCH Steering Committee: January 2018 Recommendation

### Long-term goal: Embed Trauma-Informed Policies and Practices at every level of the system

**Training and support for child- and family-serving organizations** to become make internal operations more trauma-informed, including:

- **Agency Self-Assessments of Trauma-Informed Care**
- **Trauma Training:** Basic training on definition, prevalence, impacts and treatment of trauma as well as information about resiliency and protective factors
- **Reflective Practice Training and Supervision:** An approach that supports various models of relationship-based service delivery and can be used across disciplines, systems of care, and service models for children and families.

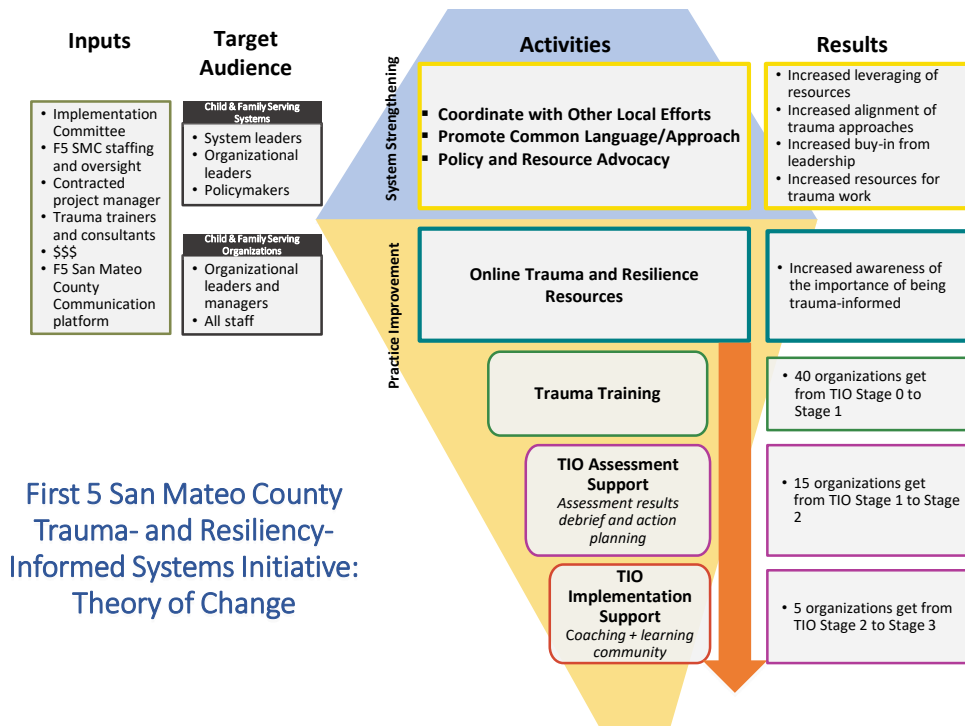

**Training and resources for professionals working with children and families**

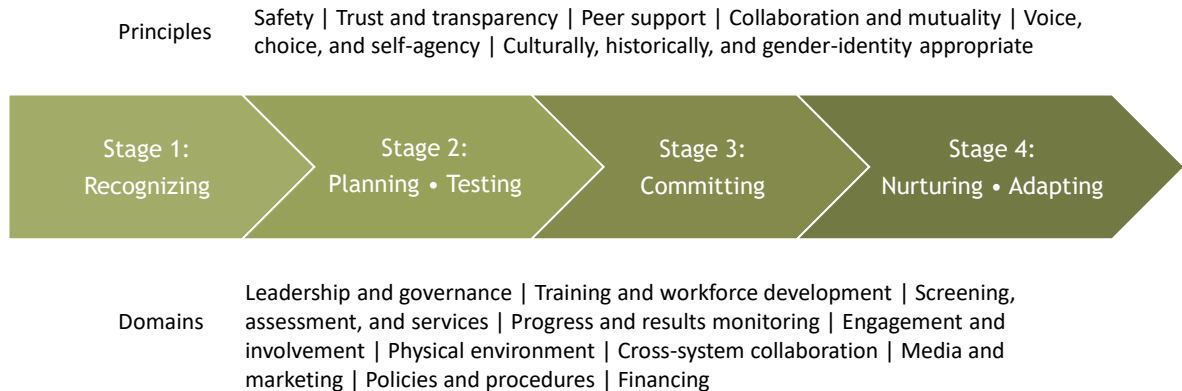

- To understand trauma, its impacts, and treatment options
- That incorporates cultural humility into trauma-informed work

**Education for parents to help recognize the signs and symptoms of trauma**

## Becoming Trauma and Resiliency-Informed: 4 Stages of Development

Source: First 5 LA

### Updates

- Identification of a Trauma-Informed Organizations Assessment Tool
- Release of RFQ: Trauma- and Resiliency-Informed Systems Initiative: Trauma-Informed Organizations Initiative Design Consultant (1), Cohort Facilitator (2), and Organization Coach (3)
- ACEs Aware Communications grant

# ORAL HEALTH STRATEGY UPDATE

---

## The Context

### The Plan

- Our History: Virtual Dental Home Investment
- Our Commitment: Oral Health Access and Utilization: Partnerships to improve young children's utilization of preventive oral health care and advocating for policies and practices that increases dental utilization for children on Medi-Cal

### The Current Reality

- Challenges with MC billing outside of the four walls, hopefully addressed by AB 2164 (currently on Governor's desk awaiting signature)
- COVID-19: School closures, no additional non-essential personnel on campuses in the near future = likely no VDH for the year
- No-cost extension to RFHC ended last month

## Discussion Questions

- How should we proceed with our support for oral health given the uncertainty?
  - Short-term funding? One-year grant term?
  - Agency support to continue to maintain virtual appointments with VDH-established patients?
  - Pivot to supporting other OH needs for the year and revisit in the spring?
- Who else should we solicit feedback from?
  - Children's Oral Health Workgroup
